WORLD NEWS IN REVIEW

EUROPE

Again European troubles have dominated the headlines. Again the imminent possibility of war has obscured all other news.

In the view of most experts, the week just ending was the most ominous since the grim days of 1914 that preceded the World War. As usual, Hitler made the biggest news.

Tens of thousands of German troops were moved into the new Siegfried chain of fortifications, which faces the famous French Maginot line—supposedly the most impregnable border defense ever erected.

Open rioting of Sudentens in Czechoslovakia forced expert opinion that violence on such a scale made war inevitable. Hitler summoned his generals and Propaganda Minister Goebbels warned the press to prepare for military action.

England's Prime Minister Chamberlain asked for an interview with Hitler, received a favorable reply and flew to Berlin to keep the appointment.

Late reports indicate that Great Britain, France, Italy and other powers advocate a plebiscite to determine the fate of Sudentens in Cchechoslovakia and to avert another great world conflict.

STRIKE

The San Francisco department store strike goes on. Union officials declare workers must have job security. Store owners demand the right of collective bargaining. Locked in a tangle of vital issues, both factions hope for early peace via negotiations.

BUSINESS

Sharply increased industrial and trade activity during August boosted major indexes over July, although the levels are still below those of a year ago, the Department of Commerce reported.

The department, in the September issue of the Survey of Current Business, said, however, that the volume of improvement had slackened in recent weeks.

ALASKA

Men made most countries, old time Alaskans are wont to remark, but the Klondike made men. Alaska and the Northwest has figured importantly in the progress of America and in the development of great men. With the opening of new transportation and communication facilities in that area, Alaska and the Northwest promise a continued increase in their contribution to national growth and welfare.

CORRIGAN FETED IN SAN FRANCISCO

Landing his $900 plane at San Francisco Airport, Douglas ("Wrong Way") Corrigan was wildly acclaimed by a throng of more than a thousand, which gathered at the flying field Wednesday. Surrounded by an escort including several hundred policemen, legionnaires and civic leaders, Corrigan was taken by motorcade to the City Hall, where Mayor Angelo J. Rossi gave the aviator the official reception. After the welcome he was driven over the new Scenic Drive, laid out by the Downtown Association as a 1939 tourist attraction. A packed schedule was arranged for the rest of the day. Photo shows Corrigan (left) and Mayor Rossi at the official welcome.

RUSH LEGAL--ARCHITECTURAL DETAILS THRU OLD HALL TO COME DOWN AT TURN OF MONTH

SCHOOL BONDS WILL BE VOTED SEPTEMBER 21

PTA Members, Civic Leaders, Business Men, Citizens Rally Support

"The bonds shall carry!" This was the determined declaration of public spirited citizens this week as the drive to float a $50,000 bond issue for a new school building was swept into a final concentrated effort to provide safety for school children

Parents, civic leaders, business men pledged their support to the issue and energetically recommended that every registered voter cast a ballot in favor of the bonds "Free children from the hazards of a condemned school building," is their slogan.

State authorities recently condemned the 21-year-old Woodrow Wilson School No. 1, declaring it an earthquake and fire hazard. The school board immediately called a public meeting to relay the information to local citizens. A resolution was passed at the mass meeting suggesting that the board call a bond election to build a new school.

Bond election date has been set for Wednesday, September 21. Polls, located at Woodrow Wilson School, will be open from 6 a.m. to 7 p.m.

If the bonds carry it is possible that a WPA grant in the amount of 45 per cent will be available to pay that portion of construction costs.

New Right-of-Way Will Be Acquired

Clearing the way for another link in the Peninsula's ultra streamline arterial, Junipero Serra Highway, the San Mateo County Board of Supervisors recently authorized the commencement of eminent domain proceedings in behalf of Joint Highway District No. 1 calling for acquisition of 5.926 acres of highway right-of-way through the Buri, Buri Ranch.

The new Serra link will extend immediately southwest from the present terminus at Cypress avenue and will carry the arterial partially through the Millbrae Highlands District. The resolution had been previously passed by the San Francisco Board of Supervisors.

The right of way, already surveyed, will be 152 feet wide.

Council Orders Abatement Of Two Abandoned Buildings

NEW HEALTH SERVICE

Accepting a best bid from Lawson, Levy and Williams, Monday evening the city council negotiated sale of $34,000 bonds for the new city hall. Legal details will be cleared immediately and actual construction work is scheduled to start by October 10. Anglo California National Bank and Brank of America made unsuccessful bids for the city hall bonds.

Two resolutions of abatement of abandoned dwellings in Daly City were acted upon by the council. Unoccupied houses at 7 Bepler street and 263 Miriam street were declared fire hazards and said to constitute a public nuisance. The buildings will either be repaired or razed. The board also ordered that rubbish on a lot located on San Pedro avenue near Hillcrest drive be burned or removed.

PUBLIC HEALTH

By motion the city council declared the local health office vacant in order to take advantage of a proposal by the county health department to extend its services into Daly City. Extension of the new service will be made here when the council's action becomes effective October 15. Dr. A. A. Shaghoian will be retired from her active and efficient term as public health officer of Daly City. She will devote her entire time to a large private practice.

The board tentatively granted a request from the Richfield Oil Company to erect a station at the corner of Gambetta and Mission streets. Upon recommendation of Arthur Bodien, in his report on the League of California Municipalities convention, the city clerk was instructed to file application with federal communication authorities asking that a suitable wave length be given for a two-way police radio service here. Local officials contemplate the establishment of such a system for the police force sometime in the near future.

Harry Hutchings, 242 Miriam street, was appointed to Fire Co. No. 3 to fill the vacancy left by A. J. Green, who recently retired from the department.

Mayor Paul G. Selmi outlined a plan for rapid transportation from Daly City to the down town district via Junipero Serra boulevard and Twin Peaks Tunnel. He introduced a proposal that Daly City request the San Francisco Public Utilities Commission for permission to operate such a bus route. The motion passes unanimously.

GREAT SHASTA DAM PROJECT FORGES AHEAD

Gigantic Conservation Program Is Now Actuality

With construction starting this week on Shasta Dam, the curtain has risen on one of the greatest of all reclamation dramas, John C. Page, United States Commissioner of Reclamation, reported this week to Secretary of the Interior Harold L. Ickes in summarizing the progress of work on the Central Valley Project.

Mr. Page returned to Washington, D. C., from a visit to the project in California. He said the $170,000,000 water conservation program in the Great Central Valley was advanced

C OF C BOARD NOMINATES NEW 1939 DIRECTORS

All Sections, Groups Find Representation In Coming Officers

Temporary executive committee of the Daly City Chamber of Commerce met last Tuesday evening to nominate nine members for the 1939 board of directors.

The list includes A. Gaggero, A. Conci, J. Sirex, E. Keathly, Fred Knoll, B. L. Meritt, Paul G. Selmi, R. L. Crane Jr. and A. Bluf. A glance over this group will disclose the fact that nearly every type of business, organized labor, school and civic interest is represented. Business and residential location of the nominees are spotted in every section of Daly City.

Any member of the chamber has the right to make further nominations. Election of officers will be held at the October meeting.

SCHOOL BONDS

Superintendent Crane and Trustee Augustien attnded the board meeting and discussed with Chamber of Commerce officials plans for the campaign to float bonds for a new Woodrow Wilson School. The chamber pledged moral and financial aid in the bond drive.

Besides satisfying the primary purpose of giving safety to school children, it was pointed out that construction of a new school would give hundreds of man hours employment to local organized labor.

The Enchanted Gardens, around a beautiful pool at the 1939 Golden Gate International Exposition on Treasure Island, are the favorite project of Julius Girod, chief of the $1,500,000 horticultural program for the World's Fair. He did all the planning of the sunken garden himself.

UNCLE SAM'S POCKETBOOK

The official Treasury Statement on August 30 showed the financial condition of the Treasury since July 1 to be:

Expenditures	$1,425,883,494.93
Receipts	$792,166,994.33
In the hole	$663,716,500.60

The gross Federal debt on that date was $37,539,856,959.21.

Your per capita share of that debt is $288.76.

Whist Tonight

Gala whist party for the benefit of Our Lady of Perpetual Help Church will be held this evening in the Daly City Auditorium at 8:30.

Mrs. Margaret Steele is chairman. She will be assisted by ladies whose names begin with "S". Many beautiful prizes will be awarded winners. Dancing will follow the game.

442 ABSENTEE BALLOTS CAST AT PRIMARIES

Candidates File Affidavits Declaring Costs Of Campaigns

A total of 442 absentee ballots were cast in the primary election, according to County Clerk William H. Augustus, and of this number 247 were for the Republican slate, 181 Democratis, 10 non-partisan and 1 each for the Socialist and Townsend ballots.

Ernest A. Rolison, defeated incumbent candidate for the office of county executive, polled 253 absentee votes as against 156 for Col. Frederick Peterson, the successful candidate.

EXPENSES LISTED

Affidavits on file revealed that 12 candidates whose names appeared on San Mateo County ballots during the recent primary election spent approximately $2772 for their campaign expenses.

They included the following:

County Clerk W. H. Augustus, $267.74; Gus B. Risso, justice of the peace, fifth township, $240; T. C. Rice, county recorder, $10; U. S. Marshall, county engineer, $201.09; Hugh F. Mullin Jr., justice of the peace, second township, $514.52; J. J. McGrath, sheriff, $41.30; E. A. Rolison, county executive, $539.98; Fred Beer, supervisor, second district, $36; Harrison W. Call, state assembly, 29th district, $40; Superior Judge Maxwell McNutt, $130.86; W. H. Clay, justice of the peace, first township, $329.46; Frederick Peterson, county executive, $485.

COUNTY FLORAL FIESTA TO TOP FORMER SHOWS

Pageant, Exhibits, Rodeo Are Main Features

Over 250 performers in a gigantic pageant on four mammoth sets—

Twice as many agricultural exhibits as last year—

So many flower exhibits that already the matter of where to place them has become a problem—

A rodeo for three days with more than 50 trick and fancy riders taking part—

Some $20,000 in prizes to be split among winning exhibitors—

These are a few of the features of the 1938 San Mateo County Floral Fiesta, which opens at 7 p.m. next Wednesday at Bay Meadows, San Mateo, and continues through Sunday. The rodeo will be from Friday through Sunday, in the afternoons. The pageant will be a nightly feature throughout the fiesta.

FLOWER EXHIBITS

Nuseries, flower growers, garden clubs, gardener groups and women's clubs are among exhibitors in flower competition. Commercial agriculturists from Colma, Half Moon Bay area, Menlo Park and elsewhere are among agricultural exhibitors.

As plans for the big even neared their completion, prices for the three spectacles—the fiesta floral and exhibit show, the pageant and the rodeo—were announced.

On San Mateo County Day, Friday, September 23, children up to and including junior college students, with parents accompanying, will be admitted free to both fiesta and rodeo.

Mickey Mouse, West Get Write-In Votes

For want of candidates who can pull "write-in" votes, San Mateo County political leaders this week were referred to Mickey Mouse, Mae West and Andy Gump, each of whom received one vote in the recent primary election, according to County Clerk William H. Ausgustus. The official canvass was made Tuesday.

A voter of undisclosed political faith indicated a preference for Miss West as superintendent of schools, another wanter Mickey to supplant James J. McGrath as sheriff and a third showed a desire for Mr. Gump of the comic strips to occupy a post on the board of supervisors.

74 Passenger Plane Makes Test Flight

Boeing Aircraft company's 74-passenger trans-oceanic clipper, built for Pan American Airways, made its second test flight Saturday at Seattle.

The 41-ton ship, trying its new twin rudders for the first time in the air, was expected to cruise around Puget Sound for an hour or two.

AIRLINE SIGNS TREASURE ISLE 20 YEAR LEASE

Announce 500,000 Building Program At Island Port Of The Trade Winds

Treasure Island officially has become the home base of Pan American Airways, and Col. C. M. Young of the clipper company has announced a half-million dollar building program at the Port of the Trade winds in San Francisco Bay.

NEW FEATURES IN RECORD

The Daly City Record staff takes pleasure in announcing several new features in the paper. New service too!

"World News In Review" will be a regular front page column of commentaries on paramount issues of the day. A glance at the editorial and feature page will disclose several new services to readers.

"Letters from the People" and "Activity Calendar" are particularly dedicated to the purposes of giving increased attention to local affairs.

Next month The Record is to inaugurate a carrier distribution system in order that readers will receive a faster and more personalized service.

We hope you like your NEW Record.

SAFETY DEMANDS A YES VOTE

Safety for children demands a YES vote on the school bond issue next Wednesday.

Following its determined policy to boost local improvements The Record indorses the bonds and advocates that every registered voter go to the polls and register favorable opinion to the issue.

The Jefferson School District has three excellent, modern schools in which all last minute safety features are incorporated. Woodrow Wilson School No. 1 is the only hazardous structure in the entire system.

Give children who attend that school the safety which boys and girls in the other three plants enjoy. Vote YES on the school bonds Wednesday.

San Mateo Jaysee Opens Fall Term

After enrolling students for the first two days of the week, San Mateo junior college opened fall term classes Wednesday of this week. Late registration will continue for the next few days.

At the same time the college Adult Center has been registering adults for evening school work. Last year the evening group alone had 1600 students.

LOCAL NEWS OF DALY CITY FIELD

Evar Johnson of Templeton avenue, Arthur Taylor of Peoria street and Gene Nation of San Francisco motored to Monterey Friday of last week and report having had a wonderful days outing.

Mr. and Mrs. Andrew Vireno of Mission street spent several days recently at their cabin in Boyes Springs.

Mr. and Mrs. Jack Coleman and children Jack Jr. and Gloria of Crocker avenue spent last week end at their country home in Boyes Springs.

Mrs. Rose Loomis of San Jose avenue left Friday morning of last week with a group of friends and is motoring to Portland where she plans on attending the national convention of the United Spanish War Veterans and the Auxiliary.

Paul Pasaglia of Hillside boulevard, Mal Tacchi of South San Francsico and Fred Olmo of Burlingame motored to Modesto and Manteca early Sunday morning and spent the day visiting Mr. Pasaglia's cousins. The party went dove hunting.

Mrs. E. Fox of Oakland, a former resident of Crocker avenue, and Mrs. M. Alcherwine and daughter of Los Angeles were luncheon guests Tuesday of this week at the home of Mrs. Martha Wegner of Crocker avenue.

Dr. Lawrence Vireno, son of Mr. and Mrs. A. Vireno of Mission street, left Friday morning of last week for Washington, D. C., to resume his studies at Georgetown University.

Miss Muriel Hollingsworth of Lawndale is a patient at the South San Francisco Hospital where she underwent an operation for appendicitis last Saturday. Her many friends wish her a speedy recovery.

Mr. and Mrs. Fred Anderson of Wellington avenue are being congratulated upon the arrival of a baby daughter, born last Thursday, at the Saint Francis Hospital in San Francisco. The baby has been named Katherine Marie.

NOTICE

A number of local news items were reported to The Record this week which are not included in these columns. They will be published next week.

PWA Speeds State Construction Work

An impressive demonstration of the American genius for achieving vast progress with record-breaking speed is revealed in the announcement that within about two and a half months after President Roosevelt had signed its 1938 Appropriations Act, the Federal Public Works Administration has actually started work on nearly twelve million dollars' worth of new heavy construction within the state of California alone.

The interesting fact was divulged this week by Kenneth A. Godwin, PWA regional director for California, Arizona, Utah and Nevada, who said that the total cost of the 39 PWA projects already being constructed in this state would be $11,958,566. Of this amount, PWA has allotted and made available in cash $5,927,671 in outright grants and loans.

NDGW Participates In Active Program

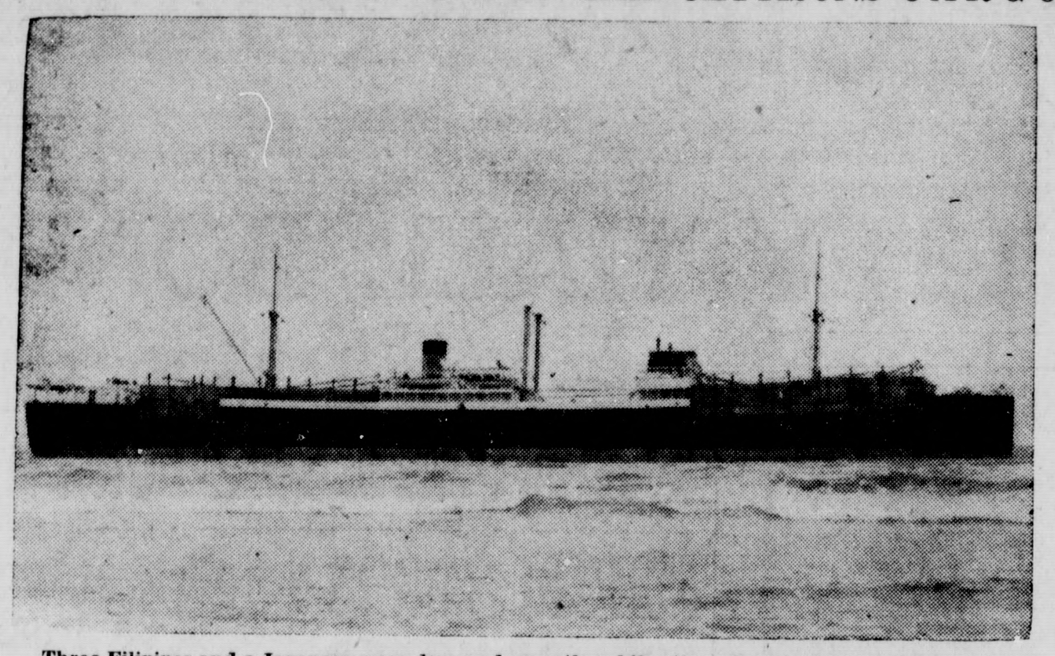
El Carmelo Parlor No. 181 NDGW drum corps won a competitive drill in Vallejo, September 8, and were presented with a silver loving cup. Local ladies who participated in the Vallejo event include: Dorothy Donofrio, Louise Eliasen, Hilda Eggers, Christine Hulme, Helen Meyers, Edna Petersen and Lucille Young.

Among Daly City ladies who witnessed the success of the El Carmelo drum corps in Vallejo were: Mrs. Florence Hopman and daughter Joan, Mrs. Fredereda Volkman and Mrs. Mary May.

Past Presidents Club of El Carmelo Parlor No. 181 NDGW enjoyed a delightful dinner, Monday evening of this week, at Villa Mateo. Highlight of the evening was the presentation of a beautiful evening purse to Alice Oldham, grand trustee of the Native Daughters of the Golden West. A card game was enjoyed following the dinner. Twenty-two members attended.

El Carmelo Parlor No. 181 NDGW will hold a monster whist and bazaar at Masonic Hall, October 19. Proceeds of the whist will go to the homeless children.

4 DROWN AFTER GROUNDED SHIP JETTISONS CARGO



Three Filipinos and a Japanese were drowned recently while attempting to salvage jettisoned lumber from the grounded Norwegian freighter Elg off Pismo Beach, Cal., near San Luis Obispo. The Elg ran ashore in a heavy fog, but was reported in no danger. A deck cargo of 500,000 feet of lumber was thrown into the sea to lighten ship and make refloating easier. Earlier attempts to pull the vessel out to sea were futile because of the heavy cargo. Tugs and Coast Guard cutters are standing by for high tide, when they will attempt to refloat the huge freighter. Photo shows the Elg shortly after she ran aground.

Grammar Teachers Are Entertained

A group of enthusiastic teachers and their friends of the Jefferson School District enjoyed a delightful educational event recently at the residence of Mrs. R. Corral, art supervisor. Mrs. Margaret Pauline Brown related her interesting experiences in Mexico this summer. Mrs. Brown attended summer school in Mexico and lived in a typical Mexican home.

Mexican pictures and handcraft helped to illustrate old and new art and social trends. Mrs. Brawn's talk, throughout, was dotted with humorous personal experiences. Refreshments were served. Those who enjoyed the evening were: Mesdames M. P. Brown, R. Corral, M. Hewner, E. Hahn, E. Carle, J. McGovern, M. Dwyer, M. Maguire, G. Tobias, E. Belli and L. Fletcher, and the Misses M. Tobias, M. Vireno, M. Varni, F. Crouch, A. Mooney, D. Fuchs, E. Vireno and B. Marcus.

St. Mary's Launches Debt Cut Drive

St. Mary's College launched its campaign to raise $200,000 to remove part of the debt on its property at a banquet this week in the Hotel Fairmont. More than four hundred prominent Northern California citizens pledged their enthusiastic support, both financially and morally to the success of the worthy project.

As the story of St. Mary's was unfolded and the struggle of the Christian Brothers for nearly 75 years to give to California, what is today regarded as one of the finest educational institutions in America, those present representing all races and creeds, men active in the affairs of this state responded in compelling voice that the appeal of the Brothers would not go unheeded.

Local Boy Scouts Visit Mt. Hamilton

"What a trip! We had a swell time! Are we glad to rest our tired feet, just ask us?" These comments were from scouts of Troop 149 as they arrived home recently from a three-day hiking trip to Mt. Hamilton.

They left on a Friday evening at 6:30. The scoutmaster and committeemen drove them to Smith's Creek, 6 miles from Hamilton, where the boys camped for the night. Rising at 4:30 Saturday morning they hiked to the top, where two interesting hours were spent in the observatory. An astronomer explained the use of observatory equipment and facts about the stars.

The scouts hiked 25 miles over wilderness and desert roads to the mines at the end of San Antonio Valley. They were quite happily surprised at this spot, for a ranger directed them to a large swimming pool built for the CCC boys.

The next morning, after seeing the mines, they hiked 17 miles to Rancho Repose and were guests of the ranchers. Another swim at 1 o'clock and the boys were on their way home.

EUROPEAN VISITOR

Gustive Thiel of Colma was pleasantly surprised this week when his brother Joseph Thiel and wife of Germany arrived for a visitt. The brothers had not seen each other for 50 years. The visitors are now staying with their daughter in San Francisco.

"Back to School" Session For PTA

"Back to School" goes Seventeenth District, C. C. P. T. Inc., officially opening its Fall season today with an all day "School of Instruction," presided over by Mrs. B. D. Ralston, president. Each department of the district will present some phase of their work.

The morning session will be held in the auditorium of the Burlingame high school and will convene at 10 o'clock. Luncheon will be served at 12:30 at the Burlingame Methodist church, Howard avenue and El Camino, and the balance of the program will be presented there.

Mrs. J. Stuart Moore, historian of the California Congress of Parents and Teachers, will be the principal speaker of the day. Her topic will be, "How Parent-Teacher History is Made." Mrs. W. A. Patton, state chairman of correspondence courses, will address the group in the afternoon and Mrs. Joseph P. Morcombe, National regional director of publicity, will present a "pre-view" of the series of publicity conferences she will inaugurate here in San Mateo County next week.

Miss Pansy Jewett Abbott, county superintendent of schools, and Principal William Van Voris of Burlingame high school, will extend official welcome to those in attendance.

"School of Instruction" is an annual gathering of representative members from the 39 units in Seventeenth District, comprising San Mateo county, and is regarded as an excellent opportunity to attain a clearer vision of Parent-Teacher ideals. "All those interested in child welfare, whether members of the PTA or not," announces Mrs. Ralston, "are cordially invited to attend all or part of the meeting." Reservations for the luncheon may be made through the local association or by calling Mrs. Edward Simpkins, District reciprocity chairman.

Popular Books At D. C. Library

The following recent books have proved most popular during the past few weeks with readers of the Daly City Public Library.

Fiction: Allen—"Action at Aquila," Ashton—"The moon is feminine," Bristow—"The handsome road," Bottome—"The mortal storm," Bromfield—"The rains came," Buck—"This proud heart," Cloete — "Turning wheels," Cronin—"The citadel," Lewis — "Prodigal parents," Nordhoff—"The dark river," Prouty — "Lisa Vale," Rawlings — "The yearling," and Stern—"The ugly dachund."

Non-fiction: Curie — "Madame Curie," De Kruif — "The fight for life," Ellsberg — "Hell on ice," Sutherland — "Lapland journey," and Yu-t'ang — "The importance of living."

There are three copies of "Gone with the wind" by Margaret Mitchell available to readers.

Student Body Asks For Safe School

Student body members of Woodrow Wilson School are taking initiative in doing everything possible to encourage voters to give them and their posterity the right to a safe educational institution.

At a class meeting recently held by the high eighth grade plans were made to display posters and tickets which bear the words: "VOTE YES SEPT. 21. WE WANT A SAFE SCHOOL."

SM Junior College Loses Federal Aid

Notice of cancellation of a once-approved $185,000 PWA grant to the new San Mateo junior college plant last week had been transmitted to the district board of trustees.

Kenneth A. Godwin, regional PWA director, notified the board the grant, for landscaping and furnishing and completion of the second floor, was cancelled because the district had started on the new $240,000 structure before applying for the grant.

Plan Fall Activity At PTA Meeting

Regular meeting of the Crocker P. T. A. was held in the auditorium of Crocker School on Tuesday of this week. The reports of Mrs. Virginia Davidson and Mrs. Laura Larsen, delegates to the state convention were read. Mrs. Davidson announced the Seventeenth District School of Instruction held today in Burlingame and Mrs. Mildred Seiler was appointed a delegate to attend with Mrs. Davidson. Two cars will be taken to this conference and Crocker will be represented by at least eight members.

Mrs. Julia Jordan was named as the delegate to the District Conference at Pescadero on September 30, with President Mrs. Davidson.

Membership Chairman Mrs. Vivian Pahlka introduced a new member who was welcomed into the unit. The next two meetings of the Sew and Sews were announced. They will be held on September 22, Mrs. Frazier will be the hostess at the home of Mrs. Davidson, and on September 29, at the home of Mrs. Jacobi. They met yesterday at the home of Mrs. John Kinsey.

Mrs. Seiler, budget chairman, read the proposed budget for the year. With a few slight changes it was accepted. Crocker P. T. A. more than met its budget last year.

R. L. Crane Jr., school superintendent, spoke upon "The Rights of the Child to Safe Schools". He announced the bond election to be held on Wednesday, September 21, at Woodrow Wilson School, and asked the mem-

Hugh Kost Struck By Machine, Injured

Thursday afternoon of last week Hugh Kost, son of Mr. and Mrs. Kost of Winchester street, was hit by a machine while coming from Saint James School in San Francisco. The accident occurred at Twenty-third and Valencia streets. The boy was taken to San Francisco Hospital where he was found to have a fractured skull.

Hugh is still confined to the hospital and is in a serious condition.

Requium Mass Held For Mrs. Quickner

Funeral services for Mrs. Ella Quickner Williams, 78, who died Labor Day of a heart attack at her home, 401 Templeton avenue, were held Monday morning of this week. A requiem mass at Our Lady of Perpetual Help Church was followed by interment in Holy Cross Cemetery.

Mrs. Williams, a native of San Francisco, had resided with her brother, Joseph L. Tickner, for the past year. The surviving relatives are her two brothers, Joseph L. and Alfred J. Tickner.

PWA CONTINUES UNPRECEDENTED WORK PROGRAM

Predict Federal Program Will Eclipse Past Achievements

After establishing an unprecedented record in carrying out the largest construction program in American history during its first four years of existence, the Federal Emergency Administration of Public Works has entered the third month of its fifth year, prepared to eclipse its past achievements, according to Kenneth A. Godwin, PWA Regional Director for California, Arizona, Utah, and Nevada.

In a statement, issued this week at San Francisco, regional headquarters, Mr. Godwin intimated it is his expectation that this agency inevitably will become a permanent department of the Federal government due to what he terms "its proven value as an effective weapon against economic reverses."

"Inasmuch as PWA made possible four-fifths of all public construction

Deer Plentiful As Season Opens

Hunters awaiting the deer season in districts opening to hunting this week will find bucks in excellent condition, the United States Forest Service reports after making game area surveys. National forest game management officers announce that "deer are as plentiful as last year and are in prime condition in most open districts."

In co-operation with the State Division of Fish and Game the Forest Service will this year again validate deer tags for lucky hunters. Deer checking stations will be located at main points of travel in popular hunting areas. Tags may also be countersigned at forest ranger and guard stations.

Aged Pioneer Dies In S. F. Hospital

Death ended the suffering of Mrs. Nettie Lonergan, 70, of 150 Page street, San Francisco, in a San Francsico hospital, Wednesday of this week. The widower, G. W. Lonergan, survives.

Services were conducted by the Rev. H. Pittman yesterday afternoon at 2 o'clock in the mortuary chapel of W. C. Lasswell & Co. The body was shipped to Mrs. Lonergan's birth place, Albany, New York, for interment.

Mr. and Mrs. Lonergan were pioneer residents of Daly City. They lived on Wilson street.

Jeff Celebrates Victory Over Bal

Jefferson Indians tangled with the Balboa Buccaneers Friday in the big-little game of the gridiron season. The first few plays predicted Jefferson's 6-0 victory. Displaying excelent defense, the Indians consistently knocked down Bal's passes and stopped line plunges at the scrimmage marker.

In the second quarter Jefferson came close to a goal when the team marched down the field with end runs and plunges. A pass to Herb Poddig gave another first down; another attempted pass failed. It was in this quarter that Harry Ayres

One Year, in Advance.....$3.00

AMONG THOSE PRESENT

Approximately 13,000 persons, enough to populate a small city, who would otherwise have died in auto accidents during 1938, will probably live to welcome the New Year next January thanks, largely, to the tireless efforts of such agencies as the National Institute for Traffic Safety, The National Safety Council, The Automotive Safety Foundation, thousands of newspaper editors, and the casualty insurance industry.

The men and women who are directly rseponsible for saving these 13,000 human lives will receive little or no recognition for their tireless services. Their only solace will be found in dry statistics. They will not even receive the gratitude they so justly deserve from those very lives they have saved, because providence never labels its victims in advance.

In the first six months of 1938, highway fatalities decreased 22 per cent compared to 1937. And as the New York Times has observed: "Such progress is especially cheering in the view of the enormity of the problem." The United States has what has been described as "the most enormous transportation system in the world, with 3,000,000 miles of rights of way, 30,000,000 pieces of rolling stock and an average of 80,000,000 passengers daily."

There are two things that you can and should do to promote safety on our highways. Observe every safety precaution yourself and encourage others to do the same. Incidentally, next January if you are fortunate enough to be among those present, you might send up a silent prayer of thanks to the nation's traffic safety workers—you just possibly are one of the lucky thirteen thousand.

FASCISM DOESN'T FLOURISH

"Fascism and dictatorships don't flourish in the same soil as life insurance," said President Gerard S. Nollen of the Bankers Life Company recently. "This is because life insurance affords economic security to the individual, while the rise of dictatorships is born of economic insecurity and resulting despair."

Men with money in the bank and insurance protection against the exigencies of the future are poor fodder for dictators. Life insurance has done a tremendously valuable work, directly in the interest of the preservation of democracy, by giving the American people infinitely more self-earned social security than is possessed by any other nation.

SHORT TALKS
By
Lloyd E. Ellis

IT IS WRITTEN

"But he answered and said, It is Written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God." Mt. 4:4.

To him who reads, written words carry more weight than spoken language. Many people seem to think that because something is written is evidence of its genuineness and correctness. Perhaps it is true that more care is usually given to the preparation of a written treatise than to a spoken discourse, but the mere fact, however, that a thing is written does not prove that it is the truth.

The source of the writing will determine its worth. Things written by men are all subject to error, and the article will not rise above the strength, integrity and worth of the individual who was the author. In following the writings of a man then, we need to know something of that man and the conditions under which he wrote, in order to accurately determine the value of his writings.

Let us not believe a thing just because we see it on paper, but base our belief upon that which is really true, and be always ready to give an answer to gainsayers, through a "It is Written" from God's Word.

CAUTION! BOYS AND GIRLS

Now that school is beginning again, remember to look both ways when crossing streets on the way to and from school every day. Sometimes cars are coming too fast to stop in time to avoid hitting you. So it is up to you to make sure the way is clear before you cross. The National Safety Council says that more than 7000 boys and girls of high school age and under were killed in traffic accidents last year in the United States. Just a little carefulness could have saved every one of them.

Many of you will be riding your bicycles to and from school and elsewhere. Obey all the official signs, signals and other traffic rules. They are for your protection and the protection of all other persons. As a bicycle rider, you have the responsibility to obey them, just as you expect the automobile driver to obey them.—San Mateo County Traffic Safety Commission.

Features and Editorials

CIVIC PROGRESS

(Editor's note—"Civic Progress" is to be a regular feature of The Record in which Mayor Paul G. Selmi will comment on current local issues and initiate suggestions for improvement and welfare of Daly City and its citizens.)

Mayor Selmi

DalyCity has long needed better transportation to down town areas, Mayor Selmi stated at the council meeting Monday evening. He proposed a bus system to operate from Daly City to the western end of Twin Peaks Tunnel where passengers could board street cars and arrive at Fifth and Market streets just 25 minutes after leaving their homes in Daly City.

It is planned to route the busses in such a manner that all sections of Daly City will receive convenient service. Twelve minute intervals are the proposed time schedules.

Actual work on the city hall site will start within three weeks, the mayor disclosed. City offices will be moved to other locations, the old hall will be razed and construction on the new building will be started immediately.

Daly City is to clean up! Two abandoned dwellings have been condemned and will be abated. Other unused and unsightly buildings are scheduled for similar action. "Daly City is a clean, healthful and beautiful community," declared the mayor, "we shall not let unused and dilapidated buildings mar the record."

Christian Scientists broke ground for the Christian Science Monitor Building at 8 a. m. on a Sunday morning at the 1939 World's Fair of the West on Treasure Island in San Francisco Bay.

'Line Up!' Yell Coaches as Season Nears

To the resounding cry of "Line up there, boys" another football season approaches as major colleges along the Pacific Coast get under way with fall grid practice. On the California campus "Stub" Allison was greeted by 112 candidates for grid honors. This is the biggest number in football history at California. "Slip" Madigan of St. Mary's, hiding his optimism, will find about 50 men ready for the rebuilding process in Moraga Valley. Because of the abundance of material this year, coaching cleverness assumes far more importance than in former lean years. At right is Allison and at left is Madigan. California and St. Mary's will open the Pacific Coast conference season September 24 on the Berkeley campus.

Cub Pack Week-End At Memorial Park

The Cubs of Cub Pack 149 spent last week-end at Memorial Park, near La Honda.

Participating were ten cubs, four scouts as den chiefs, and three scouters.

Most of the time was spent crayfishing and swimming. It is reported everyone had an enjoyable outing.

Couples married in 1889 will celebrate their Golden Wedding Day at the 1939 Golden Gate International Exposition on Treasure Island at a special program being arranged by the Golden Wedding Society of California, Club No. 1.

ANNOUNCEMENT

Next week two new features will be added to this page — "Letters from the People" and "Activeity Calendar."

"Letters from the People" will be a column dedicated to free expression of opinion on any subject of general public interest. Space will be given to important election issues, matters of civic improvement or constructive criticism of current situations. All local citizens are invited to send letters to this column. Address "Letters from the People," Daly City Record.

"Activity Calendar" is to be a day-by-day forecast of events and meetings in which local residents are interested. All organizations and clubs are invited to use this feature. Send to The Record in advance notification of meetings and scheduled affairs.

Engineers from all parts of the United States will convene next year at the 1939 California World's Fair on Treasure Island, with July 13 set as an Engineering Day at the Exposition.

GREAT SHASTA DAM PROJECT FORGES AHEAD

Gigantic Conservation Program Is Now Actuality

(Continued from Page 1)

during the 1937-38 fiscal year from vision to reality.

A long series of preliminary investigations were virtually completed, field surveys were well extended on all three project divisions, plans were drawn and approved by the Bureau of Reclamation for many major structures, first actual building was begun, and negotiations were conducted to pave the way for heavy construction later this year and during 1939.

EMPLOYMENT PEAK

For the benefit of prospective workers, Mr. Page added that the time of large-scale employment has NOT arrived, and that the influx of unemployed persons to Shasta County and other parts of California's Great Central Valley has been far in excess of the number of workers needed for early construction. Mr. Page said the time of peak employment probably will not be reached for at least two years.

Almost every section of the nation is represented in the $35,939,450 general contract recently awarded to Pacific Constructors, Inc., for building Shasta Dam and power plant on the upper Sacramento River near Redding.

In addition to Shasta Dam, smaller construction contracts have been awarded on the Central Valley Project in the sum of $1,495,434. These cover the erection of Bureau of Reclamation construction camps near both the Shasta and Friant Dam sites, construction of the first 12 miles of the Contra Costa Canal, boring of a diversion tunnel through the west abutment of the Shasta Dam site, and building a warehouse and storage yard in the Sacramento River Canyon below the dam site.

PAGEANT STARS POSE FOR FIESTA CAMERAMEN

Three of the attractive girls in the Fiesta Pageant this year took time off from rehearsals to pose for the cameraman. Left to right are Vera Pectin, Bettena Norberg and Beverly Stewart. The trio is shown in the colorful Spanish costume which will be featured in the pageant, at the Fiesta nightly, September 21-25, at San Mateo's Bay Meadows.

BIG BATTLE OF THE COIFFURE! UP? DOWN? FAIR TO SET STYLE

Hollywood says down—Paris says up, and the ordinary woman is a bit confused in the Battle of the Coiffure, biggest since the daring days of the boyish bob.

The whole thing comes to a head at the International Hairdressing Congress in Cologne late this month, and the "Pageant of the Pacific" theme of the 1939 Golden Gate International Exposition may influence either new and more exotic hair styles, or a "compromise" coiffure.

Miss Margaret Kittner, San Francisco hair stylist, is prepared to present a Pageant of the Pacific coiffure at the International Congress, in her capacity of "Goodwill Ambassadress to Europe in behalf of the Hairdressers of America." The coiffure, inspired by the ancient Mayan and Cambodian architecture of the World's Fair of the West will be studied by the internationally known hair stylists and will be introduced to the West Coast upon Miss Kittner's return.

Legion Drill Team In Many Fetes

Daly City Unit No. 410, American Legion Auxiliary, held its regular meeting on Wednesday afternoon of last week.

Several of the unit members who are in the Twenty-sixth District Drill Team have been kept busy the past two months installing the different Units in the district, and last Wednesday the entire drill team left for the state convention which is to be held in Santa Monica today and tomorrow. They will also march in the parade for the national convention of the American Legion which is being held in Los Angeles September 19 to 22.

Daly City Unit delegates to the state convention are Jerry Glanville, Marcie Trier and Alice Reilly. The alternates are Margaret Kenny, Lottie Chapman and Hilda Prizbrowski.

To Drill Oil Wells Near Half Moon

The Wilshire Oil company of Los Angeles this week had twelve new men and their families established at Purissima, near Half Moon Bay, where a number of shallow wells will be drilled as a preliminary to making a deep test.

New equipment for such operations has been brought to Purissima and will be used for the drilling. This equipment is so small it can be brought down in a truck.

Brisbane PTA Back In Active Session

Brisbane Unit of California Congress of Parents and Teachers invites everyone interested in health, both in the school and in the home, to attend the regular P. T. A. meeting Thursday of next week. Dr. S. J. Guardino and Miss Thrunston, the school nurse, will be guest speakers.

September theme is "Health, the childs right and the adults responsibility." The P. T. A. meeting will be an excellent opportunity for local parents and school instructors to become acquainted.

Mrs. Mabel Gull, president of Brisbane P.T.A. Unit, attended the dedication of the new school auditorium at Bayshore City last Sunday. Mrs. Ethel Jonas, past president; Mrs. Gertha McKinney, Seventeenth District membership chairman, and Mrs. Jeannine Potter, publicity chairman of Brisbane Unit, also attended the dedication exercises.

PEOPLE say modern lighting that is "easy on the eyes" makes the eyes feel better ... And they are right ... Good lighting brings out the beauty of the home furnishings ... It aids personal beauty, too.

Light that is glaring brightness or that is dim and gloomy makes hard work of seeing. It causes squints and frowns and scowls and brings on many premature wrinkles and face-lines.

Good, modern lighting merely means the right kind of light, and the right amount of light where you read or sew or use your eyes. And you can have it easily, quickly, inexpensively. A Home Lighting Recommendation chart made out for your home will fit lighting to serve the exact seeing-needs in your home. This is a free service and there is no obligation. NEW INDUSTRY NOW DEVELOPING IN NORTHWEST

Wave Of Prosperity Brought To Farmers By Increased Pea Canning Operations

When you eat peas out of a can, it is not unlikely that they were grown—and harvested and canned about this time of year—in eastern Washington or Oregon, or western Idaho. The amazing growth of the pea canning industry in that area is one of the big new developments of the last few years in the Northwest. It has brought a wave of prosperity to farmers in that area. The biggest canning companies, with plants in other parts of the country, have built fine modern canneries there which turn out millions of cases of canned peas each summer. The whole enterprise is carried out on a gigantic scale, and in a way that is different from the old manner of dealing between canner and farmer.

Big canning companies discovered several years ago that soil and climatic conditions in this area were especially adapted to the growing of peas for canning. They came into the district in a big way, and a different way. They didn't merely rush in and build canneries and leave it to the farmers to supply the peas. They, in some cases, undertook the production, as well as the canning of the product. Not that they all acquired vast tracts of land for growing this single crop. In many instances, they merely lease the land from the farmers for the period required to grow the peas. The canning company, or an affiliated company, brings the seed, plants it, cultivates the crop and harvests it, before canning it. It pays the farmer for the use of his land. The company takes the risk of good or bad crops. In a sense, the farmer is the company's landlord—an arrangement which pleases him. In addition, the farmer and all his family get jobs, if they want them, in the field or in the cannery. The farmer may be the company's landlord, but the company becomes his employer. It's an unusual situation, but one that has so far proved pretty satisfactory to both parties. The farmer may also rent his team or his tractor to the company for the period of working on the crop, and drive it himself at specified wages. He becomes a capitalist renting equipment to the company, and at the same time an employe of the company using the equipment.

Harvesting is done in the grand manner, with special machinery resembling mowers. There is a single field of peas comprising 1000 acres, without an intersecting fence, in the Walla Walla Valley, said to be the largest pea field in the world. The fresh green peas are threshed in the field and rushed on trucks to the cannery for immediate attention. The harvest and the canning go on together for six or eight weeks, and it's a busy time for everybody. As many as 300 girls and women find work in some of the canneries. There the peas are cleaned, graded, separated, sealed in cans, cooked, labeled and packed with a swiftness that would make you gasp for breath. After six or eight weeks of fast and furious work, the show is over for the year. The cannery often lies idle for 45 weeks out of the 52. But those six or eight weeks of quick work make the investment worth while for the company, and bring in a welcome sum in rent and wages for farmers and their families. And this is only a part of the story that lies behind those little green peas that you eat out of a can.

A Penny Saved Is A Penny Earned

Women who try to make hotels and other institutions homelike solved a mystery during their annual convention in Washington, recently.

They disclosed what happens to those tiny cakes of soap in hotel bathrooms that you use once and leave behind. The remnants, totaling 100,000 or more a year at a good sized city hotel, are melted down and made into big cakes for laundering bureau scarfs and tablecloths.

The Stevens Hotel in Chicago entertained 5185 guests during its World's Fair, which is only one instance of how much can be gained by saving instead of wasting.

PTA Board Plans Program For Year

The executive board of Woodrow Wilson P.T.A. met Tuesday afternoon of this week at the Woodrow Wilson school. The program and budget for the coming year were discussed and approved.

Several members plan to attend the District School of Instruction and Meeting in Burlingame today. Those with the president, Mrs. Laston, are Mrs. L. Thomey, Mrs. A. Smith, Mrs. E. Christianson, and Mrs. N. Semmens.

The annual turkey whist will be held in Masonic Hall on Thursday evening, November 10, at 8:30 o'clock with Mrs. Thomey as chairman.

The thrift sale will be held next Friday and Saturday, September 23 and 24, in the building next to the Rankin building. Be sure to attend this sale.

The Parent Teacher Association is doing everything they possibly can to promote the passage of the school bonds next Wednesday, September 21. They urge everyone to vote YES.

The next regular meeting will be held in the Woodrow Wilson school next Tuesday afternoon at 2 o'clock. All are to attend this very important meeting.

The Fountain of Western Waters in the Court of Pacifica at the World's Fair of the West opening February 19, 1939, will have a capacity of 92,000 gallons and will be operated by three pumps.

Jeff Celebrates Victory Over Bal

(Continued from Page 3)

while defending his alma mater, suffered a broken wrist.

Toward the end of the half Bud Simpson got into the game and the Indians gained steadily until the gun.

TOUCHDOWN

In the third quarter Jefferson put up a 40 yard drive into Bal territory landing on their four yard line. Tony Compagno flew over on a plunge.

Jefferson kicked off and was going good. Getting the ball on the fifty from a Balboa kick, the Indians started another drive which ended on about the twenty, when Bud Simpson was taken out of the game because of a bad ankle.

The closing minutes of the game were wild ones with Bucs shouting and Indians hot-footing it. Balboa was on Jeff's thirteen yard line; Balboa took three plunges and got a first down on Jeff's three yard line, then after failing on a plunge tried a pass. The illegal pass was caught by a tackle and gave Jeff the ball on our three yard marker where Buzzy Right kicked out of the hole.

The game ended 6-0 favor of Jefferson who celebrated its first victory over Balboa in five years of competition.

Witzeman, Harasin, Muzoue, Compagno, Ayres, Stan Simpson, Poddig, H. Smith, Epidendio, Ben Petrini, B. Smith and Stephens played on the local eleven.

Winchester Resident Dies Saturday

Ernest Louker, 32, 361 Winchester street, died at a San Mateo hospital Saturday after an illness of several months.

Besides his wife, Gladys, he is survived by a sister, Mrs. G. A. Morey of San Francisco, and his parents, Mr. and Mrs. A. A. Loukes of San Francisco.

Funeral services will be held at Petaluma, his native city, and are under the direction of the John C. Mount mortuary there.

Safety as well as pleasure has been guaranteed visitors at the 1939 World's Fair of the West by police of all Northern California, who have formed a seven-county protective association.

Arrest Puller Of False Alarm

False fire alarm was pulled at a box on Mission street near the Stockton lumber yard early Sunday morning. Scouring the district for the possible offender Sergeant Wilbur Sunderland and Officer Arthur Dalton spotted a youthful suspect loitering in the vicinity.

On being questioned the 26-year-old youth, a resident of San Francisco and former Daly City boy, admitted he had pulled the alarm. He was charged with malicious mischief and released on $25 bail.

Home Coming Month At Nazarene Church

September is home coming month at Grace Church of the Nazarene, Vista and Santa Barbara avenues. Pastor N. M. Lewis sends a special invitation to all Daly City residents to attend Sunday school services next Sunday. Mrs. Echeverria is superintendent.

The pastor will preach at 11 o'clock services. At 6:45 in the evening church young people conduct a meeting. Evangelistic services at 7:45 o'clock and mid week prayer meeting on Wednesday evening.

Young people's and business meeting will be held this evening at the home of Mr. Borden, 310 A Richland avenue.

$152,000 Allotted For County Roads

Maintenance of first, second and third class roads in the county system and roads in the various subdivisions within county jurisdiction, a total of 513.46 miles, will require $152,475 this fiscal year, analysis of Engineer U. S. Marshall's $310,915 budget revealed this week.

The 1938-39 budget is approximately $14,000 under last year's road department expenditures of $315,352. Last year, the board of supervisors allowed the road department $318,155.96.

WPA FUNDS

Directly under the county engineer will be the WPA road co-operation fund, for which $20,000 has been allowed by the board of supervisors. This is a separate fund from the road department fund, and will be raised by county taxes.

A new item this year is the $15,000 unappropriated reserve to meet next winter's storm damage to the road system. The entire road budget is financed by state gas tax funds and other moneys from sources other than county taxation.

PWA CONTINUES UNPRECEDENTED WORK PROGRAM

Predict Federal Program Will Eclipse Past Achievements

(Continued from Page 3)

in the United States after building had reached a standstill and thereby created four billion and a half man-hours of work at prevailing wages when re-employment of idle men was most needed, I think it has won its permanent place in the sun," he declared. "More than a billion and a quarter dollars have been paid in wages to workers on construction sites and nearly two billion dollars have been spent for materials. A large part of this latter sum went into pay envelopes, helping to restore purchasing power and doing much to revive industry."

Director Godwin cited the following statistics as official:

PWA, in the last four years, has built 70 per cent of the school buildings erected when construction of such public structures was at its lowest ebb;

It erected 62 per cent of the hospitals when local communities were unable to meet hospitalization and medical needs;

It constructed 64 per cent of the waterworks and thousands of sewerage improvements, removing hazards to the public health;

It inaugurated the first Federal slum clearance and low-rent housing program in America with 51 projects to accomodate thousands of families of small incomes;

It purchased municipal bonds which assisted in restoring city credits and later sold these securities, netting a profit to the government of $10,500,000.

Traffic Patrol Is Forum Topic

"School children crossings are well patroled in Daly City." This, in brief, was the report made in regard to school crossings at a special Father's Forum meeting held last Tuesday evening in the city hall.

E. Cavagnero stated that within a short time traffic signals will be installed at Market and Mission streets to further safeguard the safety of children in the southern section of Daly City.

The forum will soon sponsor a program to further stimulate the interest of local children in athletics and recreation. Competitive events and field days may be planned.

Continuing its policy of co-operating in measures for community progress, the forum endorsed the school bond issue to be voted on next Wednesday. Next meeting will be held in the city hall Tuesday evening next week.

Bodien Reports League Convention

Arthur Bodien, superintendent of the Daly City Municipal Water Works, filed a comprehensive report at the council meeting Monday evening describing his observations at the annual convention of the League of California Municipalities, held in Santa Barbara, September 6 to 9.

Said the report: Many modern pieces of equipment used by city departments were on display, such as street sweepers, fire apparatus, sewer rods, direct radio systems, all of which show great improvement over models put ont only a few years ago. Recreation held a prominent place in the minds of delegates. Civil service was an important subject and received a great deal of attention and discussion in open meetings. A uniform building code was discussed.

Present "Bruschino" For Fifth Time

Owing to the continued success resulting in four repeat performances to sold out houses, the Federal Music Project of the Works Progress Administration has decided to present a fifth performance of "Bruschino," (Son of Deception), a Comic Opera in two acts by Giacomo Rossini.

This representation in a new English version by Conductor Erich Weiler will take place on Wednesday evening, September 21, at 8:30 p. m. in the Federal Music Theatre, 960 Bush street.

The charming opera is a hilarious farce, sparkling with gay deceptions and love intrigues. With Rossini's best music and spoken dialogue, the new version is so arranged that it allows the audience to understand every word of action and music, thus assuring a maximum of entertainment and enjoyment.

Zane Grey's Son Lands Big Marlin

Loren Grey

Loren Grey, son of the famed author and sportsman, Zane Grey, who recently showed how to run a successful fishing expedition by bringing home a 195-pound marlin swordfish. The giant striped sea tiger was brought to gaff after an hour's thrilling battle. Loren capitalizes on his experience gained through fishing expeditions with his father, by operating a launch for sport anglers in quest of big fish off Santa Catalina Island.

Bayshore PTA Meet In New Auditorium

Members of the Bayshore Parent-Teacher association held their first meeting of the school term in the new auditorium Wednesday of this week, the date having been changed this month on account of the holidays. A dessert luncheon was served at 1:30 o'clock and the business meeting followed.

Seventeenth District will hold their first meeting of 1938-1939, today at Burlingame high school, combining the first regular meeting with a school of instructions. All officers and chairmen should attend. The district year books will be ready and any member who wishes one can place their order with Mrs. Gaines.

Be sure to tune in every Thursday evening, 7:30 p. m., station KFI, to hear "Parents on Trial."

Anyone who has not taken advantage of the "summer roundup" is still entitled to it. Dr. S. J. Guardino of Brisbane will be happy to examine any pre-school child who is ready to start school this term. Phone him at his office and make your appointment.

Peninsula Forum Plans First Meet

With the reopening of San Mateo junior college for the fall semester, expectations are that the Peninsula Forum, held one evening a week last term, will hold its first meeting Monday evening, September 19.

Last term a number of outstanding speakers discussed important timely questions, and the general plan is to continue the bringing of outside speakers to the college for the forum talks. Each discussion is followed by a question period from the floor.

At a meeting called by Dr. J. Garwod Bridgman, president, the forum officers discussed a tentative schedule of meetings. Present plans call for the opening meeting to deal with the different types of government and the relationship of the government to the people.

Coyote Point Buy May Be Delayed

Possible delay of the county's proposed purchase of the Howard Estate property for the Coyote Point Recreation Area at San Mateo was seen this week with authoritative information that major difficulties had developed in the effort to clear title to the 405-acre piece.

While the county has continued its negotiations, it has been unable to consummate the deal, it was learned. Old pieces of property deeded out of the main parcel without record of the owners may make it necessary to file an all persons quiet title action to give the county the title it requires, it was learned.

Such an action would require from two to three months.

Local Wedding Is Solemnized

Our Lady of Perpetual Help Church was the setting for the wedding of Miss Helen Kennedy to John H. Darragh, Saturday evening of last week at 6:45 o'clock.

The ceremony was performed by Rev. Father J. Doyle. The bride wore a beautiful white satin gown and veil, and carried a bouquet of lillys of the valley.

Maid of honor was the bride's sister, Miss Mildred Kennedy. She wore a blue gown with matching hat and accessories.

Miss Grace Berry also a bridesmaid, wore a blue gown and hat.

James Kennedy gave the bride away. George Darragh acted as his brother's best man.

Following the ceremony a reception was held at the home of the bride's mother, Mrs. M. Kennedy, 52 Vendome avenue.

After a honey moon spent at Santa Catalina Island, Mr. and Mrs. Darragh will make their home in San Francisco.

The groom is the son of Mr. and Mrs. Felix Darraugh of San Diego avenue.

Attendance At Fair Sets High Record

The 10-day California State Fair and Exposition at Sacramento smashed all previous attendance records when 637,682 persons visited the exposition and sent it to a challenging position for national honors.

Climaxed on Labor Day when 109,140 persons crowded through the gates, the state fair set new attendance marks daily and was hailed by virtually all of the county exhibitors as the most outstanding exposition presented during the 84 years of its history.

Although all attendance totals from state fairs throughout the nation will not be completed for approximately 30 days, California's greatest rival—the Minnesota State Fair — was eclipsed this year when it reported an attendance of 582,000.

the Golden Gate International Exposition, signed the twenty-year contract which will make the site of the 1939 California World's Fair home port of the Pacific flying clippers.

Pan American started work at once on its machine shop, ramp and other facilities necessary to begin actual operations from Treasure Island between November 15 and December 1.

One of the most spectacular exhibits in history, never before seen at any World's Fair, was assured for the Exposition through signing of the contract. Visitors to the Exposition will see the famous Clipper ships arriving from and taking off for Honolulu, Hong Kong and other trans-Pacific points.

A marine railway will haul the great Clippers into their huge hangar for servicing. Loading and refueling docks are being built.

Spectator galleries in the hangar will put every phase of the Pan American terminal operations under the observation of visitors.

Visitors to the Exposition may obtain a close-up of the new Boeing 314 72-passenger Clippers, greatest flying boats in the world. Four of them will be in trans-Pacific service, it was revealed.

California First In Truck Crops

No. 1 farm state in the nation in the value of its total agricultural production, California now has achieved complete dominance in commercial truck crops—chalking up another "first" to be added to its honor roll!

A big truck crop producer for several years, California, according to the Federal-State Crop Reporting Service, now leads the list of states in both vegetable acreage and cash returns.

The truck crop acreage in California for last year was 582,900 and the value of the vegetables harvested was $93,990,000.

Indian Summer Best Vacation Time

Fall brings to those who are fortunate enough to have their vacations in September or early October, ideal weather and scenery not to be enjoyed during the hot summer. Zion, Bryce, Grand Canyon National Parks, and all mountain areas are at their best in late September, for then the fall colors of the forest vie with the flaming rock formation.

Those planning trips east, reports the Touring Department of the National Automobile Club, will find that Indian Summer throughout the middle west and along the Atlantic Seaboard is the most beautiful and comfortable time of the year for vacationing.

Dancing Started Ann Dvorak On Film Fame Road

Ann Dvorak, playing the feminine lead in "Gangs of New York," which opens Sunday at the Daly City Theatre, started her motion picture career as a chorus girl at the Metro-Goldwyn-Mayer studios. She had had no previous dancing experience, yet within a year she was advanced to assistant dance director of the studio!

A short time later Ann was given her first acting chance in the picture "Hollywood Revue." This led to her first featured role in the sensational Paul Muni success, "Scarface." Both Muni and Miss Dvorak were skyrocketed to fame following this picture, and both have remained in Hollywood's top bracket since that time.

In "Gangs of New York" Ann plays the role of Connie, sister to a young boy who gets mixed up in a New York gang of racketeers. How Charles Bickford, star of the picture, manages to redeem the girl's brother, and win her love, forms an important cog in the story.

The supporting cast of well known players consists of Alan Baxter, Wynne Gibson, Harold Huber, Charles Trowbridge, John Wray, Fred Kohler, Sr., Maxie Rosenbloom and many others.

Five great fountains will be found in the Court of Flowers in a setting of matchless beauty at the 1939 California World's Fair on Treasure Island in San Francisco Bay.

EVER OFFERED LOCAL SCHOOL BOYS

THE DALY CITY RECORD WANTS 10 AMBITIOUS BOYS

WHAT? WHEN? HOW? WHO?

The Daly City Record is going to inaugurate carrier service. There are to be ten routes layed out. By October 1 The Record wants to hire ten boys to deliver papers each Thursday evening.

In order to give every local boy an equal opportunity to be awarded a paper route, The Record will sponsor a circulation program.

The first ten boys who each bring ten new paid in advance one-month subscriptions to The Record office will be awarded routes. Subscription rate is twenty-five cents (25c) per month.

Every boy who is not given a route will be paid at the rate of twenty-five cents (25c) each per subscription which he turns in. Runnerups will be substitute carriers.

A minimum of fifty cents (50c) per weekly delivery will be paid carriers. At the end of each month a bonus will be paid each carrier who has more than fifty serves on his route.

Here is an opportunity to earn a job. And to every boy who enters the program and does not become a carrier, a cash commission will be paid for subscriptions he turns in.

Boys who want to qualify as Record carriers call at the Record Office, 3317 San Jose Ave., Monday, September 19, 4 p. m.
